

## War News Summary For the Week

Nearly All European Countries Now Mobilizing. Several Minor Engagements Reported. Germans Take Possession of Liege After Terrible Loss of Life and Wounded. Big Battles Expected Daily.

August 12.—That no important engagement has occurred between French and Germans is indicated by an official announcement issued by the French department of war that up to Wednesday afternoon there had been no encounters between the respective forces except those of outposts.

Later, however, Paris reported that the bombardment by the Germans of the important town of Pont-a-Mousson, in the department of Meurthe et Moselle, had commenced. This town is twenty miles from Nancy, and sixteen miles south-west of Metz. It was the birth-place of the guerilla of Anjou, wife of Henry VI, of England.

An important development in the situation is the preparation that the Austrian ambassador is making for his immediate departure from London. A London despatch says that war between Great Britain and Austria is to be declared.

The German army is advancing into the heart of Belgium. The forces which have been investing Liege have moved to the north, and a new army corps have taken their place. Brussels reports that the French and British allied forces are concentrated at various important points in Belgium, and are prepared to check the German advance.

From Berlin, German successes are announced at Mulhausen and Lagarde, with the taking of many of the French prisoners, and the clearing of German territory by the French.

Fighting continues around Tournai and other Belgian towns, and the German advance is checked.

the struggle for the possession of the Liege forts has commenced.

The British war office information Bureau says the majority of 26 German army corps have been located, and that the mass of German troops are concentrated between Liege and Luxembourg.

In their endeavor to keep the merchant steamships clear on the Atlantic, the British Admiralty and the French government have sent out a number of armed merchant vessels to search for German craft.

The Russians are mining Vladivostok harbor.

The combined Montenegrin and Serbian invasion of Bosnia has begun under the Serbian general, Jankovic, who was commander of the Serbian army corps at Priazna, in the Balkan war.

Prince George of Serbia, is reported to have been wounded while watching the bombardment of Belgrade.

August 12.—French and German troops are facing each other to the north of Verdun. There have been numerous clashes of a minor nature, probably preliminary to an extensive engagement in the near future.

The respective positions of the German and Belgians before Liege are apparently unchanged.

German forces are making careful reconnaissances in the district of Heugde, which is believed to mean that Germany will take the offensive to the north of Liege.

According to French reports, the Germans have been unsuccessful in the attempt to drive the French from their positions outside Malmedy.

### WETASKIWIN TO CO-OPERATE WITH THE EDMONTON INDUSTRIAL ASSOCIATION

A number of the leading citizens met at the city hall on Saturday forenoon to consider a proposition made by the Edmonton Industrial Association, through their representatives, President W. J. Magrath and James Ramsey. After the meeting had been called to order by H. J. Montgomery, who was selected as chairman, the visitors explained the proposition fully, and a general discussion followed. It is proposed to have all the commercial centres in Central Alberta co-operate in a scheme to advertise the entire area, from Red Deer to Athabasca, and from Lloydminster to the Rocky Mountains. It is expected that thirty-five towns and villages will co-operate in the scheme. A central building will be obtained in Edmonton in which the various centres going into the arrangement, each unit being allowed an equal space. It is the intention of the association to prepare a pamphlet advertising the district generally, and in this pamphlet will be published a list of unoccupied lands in the several districts, with a description of the land and the price. Prospective settlers, they say, pass through the Capital, will be induced to call on the building and see these exhibits, and an effort will be made to interest them in some of the available land. The cost to each town co-operating is \$175.00 a year, payable monthly. After thoroughly discussing the proposition, a resolution was passed endorsing the movement, which was carried unanimously. An invitation was also extended to four Wetaskiwin residents to attend a luncheon to be held in the Empire Auditorium, Edmonton this Thursday afternoon, at the meeting Messrs. J.

### WETASKIWIN BOYS JOIN ALBERTA DRAGOONS

The Alberta Dragoons which has been mobilizing in Edmonton for some time will be one of the finest contingents enlisted, as they have been enabled to select the men of the best physique in the west. When the lists closed on Wednesday evening, hundreds of applicants had to be rejected, among the number being eight of the Wetaskiwin boys who had hoped to win a place among the chosen. Therefore, only two Wetaskiwin boys will represent this city in the Dragoons, namely, T. L. Golden, of the Bank of Commerce, and Frank Heric, son of J. W. Heric. It is expected that the Dragoons will leave before the end of the week to join the other Canadian regiments at Valcartier, Quebec. The citizens of Wetaskiwin, in wishing the Wetaskiwin representatives a safe return, and hope to hear good reports of the performances of these daring young men.

### OTTAWA TROUBLED ABOUT THE RAINBOW

Ottawa, Aug. 12.—If the Rainbow is safe of Vancouver, Ottawa is not aware of the fact. The naval authorities at the capital are today out any direct news of the Rainbow, and are frankly worried over the safety of the Canadian cruiser with its crew of 440 men, one hundred of which are naval volunteers from Victoria and Vancouver.

The Rainbow was reported safe last night, but apparently it was another vessel. It is left that if the Rainbow were near Vancouver, it would communicate direct with the authorities for further orders. "Rainbow" was reported safe last night, but apparently it was another vessel. It is left that if the Rainbow were near Vancouver, it would communicate direct with the authorities for further orders.

## Army Remount Horses Wanted!

The purchasing officer will be in Wetaskiwin, Sunday morning to purchase horses. Horses must be sound and well broken; weight, 1,000 to 1,100; height, 15 to 16 hands; age, 5 to 8.

F. Fowler (who will be the voting delegate) J. J. Christopher, A. Smith and J. Zimmer.

Another meeting of the business men of the city was held in the council chamber on Tuesday evening when the project was again fully discussed and endorsed on the understanding that Wetaskiwin is given a fair treatment in Edmonton. As the Wetaskiwin district is second to none in the west, it is thought that the exhibits which might be collected and well displayed would bring satisfactory results from the small amount expended.

A resolution was unanimously passed approving of the proposition and authorizing Mr. Fowler to bring the best offers on behalf of Wetaskiwin at the luncheon. The meeting then decided to appoint three committees, namely, finance, exhibits and land listing, and a committee consisting of Messrs. H. J. Montgomery, J. J. Christopher and A. H. Liveridge was appointed to strike a committee.

### SCHOOL REPORT CORRECTED

In reporting the Grade VIII result in last week's issue, it was stated that two candidates did not pass from the Alexandra school. This was an error which we gladly correct. One of the two was Gladys Matzall, who passed, and whose name was in the papers, and the other belongs to another school. We also gladly correct another error. Miss Kuester whose name was in the list belongs to the Sacred Heart School. In the Grade X report the name of Louise Wilson, should have been Kuester.

The families of C. E. A. Peacock and J. H. Robinson who have been camping out at Pigeon Lake, returned home on Tuesday evening. May or Elns and family expect to return the latter part of the week.

tic efforts are being made today to get into touch with the Rainbow by wireless, and so far without avail. It is feared that the Rainbow has been sunk by the German cruisers Leipzig and Nuremberg, which are known to be in the Pacific. The last of the Rainbow was at San Francisco, and reported to be clearing for action.

The shipments of Okanagan fruit that have arrived from Sumnerland, B.C., shipped by H. D. Bentley, are giving excellent satisfaction to the parties to whom consigned. This fruit has a fine appearance and delicious flavor, and arrived in good condition. Only true ripened fruit shipped direct to the consumer can have these qualities.

### WAR NEWS SUMMARY

#### FOR THE WEEK

(Continued from Page One)

August 8-9-The siege of Liege is the outstanding feature of the European war. The latest advice received by way of London in the form of official despatches says that Liege still holds out against the attacks of the German army of the Meuse.

The Germans have asked for a 24 hour armistice to bury their dead, but the governor of Liege, Lieut. Governor Leman, has not acceded to this request so far as is known.

On the authority of the Belgian war minister, the German casualties in the battle around Liege number 25,000, according to their own admission. An official statement issued from Berlin described the attempt on the Liege fortress as unsuccessful, and the assault of the Germans as "a unique act of heroism," and added that it will not have the slightest influence on the larger operations of the German army.

German diplomats have been using their utmost efforts to win Italy to the German side by negotiations and a direct plea to King Victor Emmanuel, but without success. The Italian ambassador at London, in thanking a great assembly, including several peers and members of parliament, which gathered in front of the theatre, said that Italy had decided her neutrality, and would adhere to it.

Right Hon. Winston Churchill, first lord of the Admiralty, declared that there had been any engagement between the German and British fleets in the North Sea.

August 7-8-Out of London comes the report that the British fleet has engaged the German fleet in battle on the high seas. The British admiralty refuse information as to where a naval engagement is in progress, but the British warships, that put out several days ago, have been searching for the Germans in the North Sea.

The British cruiser Amphion has been sunk by contact with a mine, with the loss of more than one hundred men.

Emperor William of Germany, in an order to the army and navy, calls upon all Germans capable of carrying arms to fight for the fatherland. In Belgium, Germans and Belgians are fighting around Liege, where upwards of 100,000 men are engaged. According to official reports from Brussels the two days' fighting has cost the Germans thousands of men. The Belgians are also believed to

have lost heavily. As yet there has been no reports from German sources as to the outcome of the German attack.

Austria-Hungary has declared war on Russia, and the Russian ambassador at Vienna has been given his passports.

The British prime minister asked for an additional war appropriation of £200,000,000 both increases were granted.

At the same time the government declared a moratorium in London. A dispatch says the Russian cruiser Askold and the German cruiser Emden, in an engagement off the coast of the Baltic, have both been sunk.

A Pina sea captain, arriving at Stockholm reports the Russian warship bottled up at Helsinki, and the Russian port of Lihau and Havel to be burning after an attack by German war vessels. There is no confirmation.

German merchant vessels are brought into English ports today by British cruisers, including the Holland Lloyd steamer Thetis, with the German side by negotiations and a direct plea to King Victor Emmanuel, but without success.

The French premier appeals to the women of France to gather the wine and wheat crops.

Tokyo reports the German squadron at Tsing Tau, China, hemmed in by British war vessels.

The British tank steamer San Vito is reported destroyed by a mine off the coast of Cuxhaven, Germany, and the British steamer Craigforth, torpedoed near Constantinople after contact with a mine.

Stories of disconcerting treatment in Germany of the Dower Empress of Russia are declared false by the German foreign office.

Winston Spencer Churchill, first lord of the British Admiralty, declared in the house of commons that there has not been any fighting or loss other than announced officially.

It is regarded as significant that the fishing fleets on the east coast of England have been given permission to go out and fish.

Sicily, go out to meet the British fleet. The commanders are said to have handed their wills to the German consul before departing.

A London newspaper report says the German crown prince has been injured seriously by an unidentified assailant.

### BANK OF ENGLAND

TO DEPOSIT GOLD WITH GOVERNMENT

Ottawa, Aug. 12-An arrangement has been reached with the Canadian minister of finance, by negotiations through Hon. George E. Penley, with the Bank of England, by which the present critical international exchange situation between America and the British Isles is to be relieved at once, and American and Canadian exports allowed to go forward speedily to Europe.

The minister of finance, by this arrangement, will act as trustee to hold gold for account of the Bank of England, and American or Canadian bankers desiring to pay gold in London will forward to the minister of finance here for account of the Bank of England. Thus it will not be necessary to ship gold across the Atlantic to make payments in London, and by the arrangements exchange rate should at once ease off. The speedy shipment of American and Canadian exports should quickly restore the financial balance and possibly bring it about, but exchange will be in favor of America.

There seems little doubt that the arrangement will at once lift the financial embargo upon Canadian food products awaiting shipment at Canadian ports.

Under the arrangements, the banks here will be able to pay interest on provincial government, municipal and corporation securities maturing due in London by depositing gold with the minister and making the necessary arrangements in London.

My health is better now than it has been for years, and I owe it to Milburn's Lax-Liver Pills—writes Miss Rose Doyle, Commandant, Ont. "I was for several years troubled with severe stomach trouble and sick headache. Could not eat anything without agonizing pain. My sick headaches were most severe and I could not rest night or day. ## OWES HER LIFE TO "FRUIT-A-LIVES"

### Cured Both Stomach Trouble and Headaches

PAINTERSTON, ONT., June 20th, 1913.  
"I really believe that I owe my life to  
"Fruit-a-lives". Ever since child-  
hood, I have been under the care of  
physicians and have been paying  
doctor's bills. I was so sick and worn  
out that people on the street often  
asked me if I thought I could get  
along without help. The same old  
Stomach Trouble and distressing  
Headaches nearly drove me wild.  
Sometimes ago, I got a box of "Fruit-  
a-lives" and the first box did me good.  
My husband was delighted and ad-  
vised me to continue with it.  
Today, I am feeling fine, and a  
physician meeting me on the street,  
noticed my improved appearance and  
asked the reason. I replied, "I am  
taking Fruit-a-lives". He said, "Well,  
if Fruit-a-lives is doing you so much  
good, go ahead and take them. They  
are doing more for you than I can".

Mrs. H. S. WILLIAMS.  
"Fruit-a-lives" are sold by all  
dealers at 50c. a box. 6 for \$2.50, trial  
size 25c. or sent postpaid on receipt of  
price by Fruit-a-lives Limited, Ottawa.

### EDMONTON CIVIC

#### OFFICIALS HAVE SCRAP

Edmonton, Aug. 7.—The war-like  
spirit spread to the city council last  
night, and at the close of a lengthy  
session Mayor McNamee and Al-  
der Joseph Clarke, both men of  
fine physique, had a fist encounter  
in the council chamber. At the end  
of the first round, when spectators  
interfered, Clarke was suffering from  
a severely pummeled face, while his  
opponent was uninjured. McNamee  
having held him by the throat and  
pounded him on the face and head.

A second encounter took place on  
the street five minutes later when the  
mayor was entering his car. Clarke  
came along and both went to the  
pavement in a clinch, striking wildly  
at each other. The spectators  
left them fight till both were badly  
winded and glad to give up for  
at each other's force. The specta-  
tors feared the mayor had the  
worst of the encounter.

During the council meeting there  
had been a number of warm passages  
between the two who called each other  
other names, perjurers, and other ep-  
ithets. When the meeting adjourned  
the mayor walked over to Clarke  
and each now repeat what I said  
in the council, you are a coward, a  
liar and a cur. Clarke rushed at his  
worship and the battle began.

### NATIONS WERE NOT TO

#### BE CAUGHT NAPPING

If in making preparations for war,  
even though he has declared in an  
egotistical oratory to his subjects,  
that the sword was forced into his  
hand, the Emperor of Germany  
thought that he was making a strate-  
gical move to catch his enemies  
unawares, he is due for a disconcert-  
ing surprise. And regardless of the  
carefully laid plans of years, the  
surprise may prove disastrous to  
the German nation.

It is true that when the political  
atmosphere became first charged  
with the electricity of war, the tri-  
bune was via in a sorry fix. Eng-  
land had on her hands the home rule  
question, precluding civil war; Rus-  
sia faced the biggest strike in his-  
tory, and France was torn by inter-  
national dissension, was practically  
without a parliament. When the Ger-  
man menace became acute, however,  
matters at home were soon rectified. The  
Irish question was instantaneously  
shelved; the Russian strike was set-  
tled in twenty-four hours, and the  
French patriots at once united and  
made all preparations for holding  
up their end. Before the one big  
danger, local troubles became but  
secondary considerations.

In a marvellously brief space of  
time the three nations were in readi-  
ness for any contingency that might  
possibly arise. The Kaiser's first  
move, fathered by a desire to strike  
straight at his foes who, to all ap-  
pearances, were heavily fettered, was  
successfully checked, and, as a re-  
sult, the war could neither draw  
out with what honor he may, or  
right and take the consequences. Ne-  
ither England or her allies have been  
caught napping.

### 2,110 AIRSHIP

#### PREPARING FOR

#### WAR IN THE AIR

Two thousand, one hundred and  
ten war aeroplanes and dirigibles  
by the six great powers of Eu-  
rope are being made ready to go  
to war. With the exception of Ger-  
many and England, there would be  
little chance for sea fighting. Here  
is how the airships are divided:

|         |       |
|---------|-------|
| France  | 750   |
| Germany | 500   |
| Russia  | 350   |

Camrose

Dr. Lamb has returned from a vis-  
it to his parental home in New Brun-  
swick.

L. Christenson, of Stanwood, Wash  
has been visiting his brother, F.  
Christenson, for the past week. The  
brothers had not seen each other for  
32 years.

A squad of eight members of the  
R.N.W.M.P. in charge of an officer  
are holding their annual pistol prac-  
tice in Stony Creek Valley south of  
town today.

Dr. Nordbye has purchased a lot  
on Government Avenue, the corner  
north from Measom's house, and will  
build thereon at once. Johnson and  
Howe have been awarded the con-  
tract.

The outside brickwork and the  
roof of the Brockwood building  
has been completed. Considerable  
stone and brick work has yet to be  
done on the inside, but the plaster-  
ing has commenced. It is expected  
that the building will be completed  
about January 1.

Poster Sones has acid the King  
George hotel at New Norway to  
Stewart Gilles and Edmonton. The  
deal was negotiated last Monday, the  
new proprietor taking charge on  
Tuesday.

A \$2,000 block of debentures  
sold to D. R. Wilkie, of Toronto,  
brought 98 instead of 95, as reported.  
The best racing programme ever  
offered Camrose people will be held  
at the fair grounds on the second  
day of the fair, August 21. A Turf  
Association has been formed here.

Camrose, and all races will be under  
American Trotting Association rules.  
The local association has rented the  
race track from the town for the  
day and with the \$500 prize money  
offered, will pull off the best event  
ever offered in Camrose.

Two miles from Bashaw, on the  
picturesque shore of Buffalo lake, is  
as pretty a garden as one would  
wish to see. Not only is the garden  
pretty but the vegetables are grow-  
ing splendidly and unless something  
unforeseen happens the proprietors  
look for a profitable harvest.

This garden contains fifty acres,  
is irrigated, and ships vegetables  
wholesale. This enterprise is owned  
and operated by the N. W. Harring-  
ton Ranch Co. Although in its in-  
fancy, under the expert manage-  
ment of Gardner Miller, the venture  
appears very successful. At the pre-  
sent time, potatoes and the more  
common varieties of vegetables are  
being shipped. Probably the most in-  
teresting plants in the garden is the  
celery. There are four acres of these  
or about 120 thousand plants.

Last week was the record week at  
the Dayland creamery. Manager J.  
Henderson reports the manufacture  
of 6,373 pounds of butter. On Fri-  
day he and his assistant made three  
churnings, amounting to 1,711 pounds  
of butter, and made ninety-four test  
of cream samples. This in quite in  
keeping with our repeated predictions  
of the industry if it was properly  
looked after. Farmers can make no  
mistake in getting into dairy work  
and patronizing the Dayland cream-  
ery.—Press.

### ALBERTA LEADS WAY FOR

#### THE CANADIAN PROVINCES

The Province of Alberta has offered to  
the Imperial authorities, for the  
use of British army, half a million  
bushels of oats, delivered free of  
charge on the Atlantic seaboard.  
This was decided on at a meeting of  
the executive council yesterday af-  
ternoon, and was communicated to  
the secretary of state at Ottawa by  
means of the following telegram:

It is true that when the political  
atmosphere became first charged  
with the electricity of war, the tri-  
bune was via in a sorry fix. Eng-  
land had on her hands the home rule  
question, precluding civil war; Rus-

tled in twenty-four hours, and the

out with what honor he may, or  
right and take the consequences. Ne-  
ither England or her allies have been

Some idea of the size of the ship-  
ment as supplied by the C.P.R. to a  
statistician, who figures it out that  
in order to transport the oats from  
Edmonton to the Atlantic seaboard  
three hundred cars, or ten train loads  
of thirty cars apiece, will be required.

The value of the oats, including the  
freight charges, is said to be in the  
neighborhood of one hundred and  
seventy-five thousand dollars.

London, Aug. 11.—With the British  
capture of Togoland the German  
colonial possession in Western Africa  
out of the largest wireless stations

### KEEPING DOWN COST OF FOOD

Ottawa, Aug. 7.—In conformity with  
the action taken by the government  
yesterday to prevent any undue in-  
crease in the prices of food, Mr. O'  
Hara, deputy minister of trade and  
commerce, and H. R. Coates, stat-  
istical officer of the department of la-  
bour, have been appointed as special  
officers to deal with the question.

Messrs. O'Hara and Coates held the  
first conference this morning and an-  
nounced that steps would be taken  
to deal effectively with all who en-  
deavor to make excessive profit out  
of food products during the war.

"Where are you going my pretty  
maid?" "I'm going to the Wetaskiwin  
Fair," she said.

## Get the Right Man

When you are thinking of getting some work done, you generally consider who is going to do the work.

You want a responsible man, of whom you will expect the best. This applies twofold in the Auctioneer business. In other work if an error has been made you can probably rectify it through re-modeling or tearing down and making the whole thing over again. In an Auction Sale after the goods are sold, you cannot do anything but grin and bear it if you engaged an Auctioneer that did not give you a square deal.

Alfred A. Tale has gained the reputation of honest dealer and square methods. Employ him and be assured of success.

## SUFFERED FOR FOUR YEARS From Heart Trouble and Nervous Prostration

Mrs. John Hewson, Caledonia, Ont., writes: "I feel it my duty to let you know of the great benefit your Milburn's Heart and Nerve Pills did for me. I suffered for four years with heart trouble and nervous prostration. I was so bad that I could not go upstairs without sitting down at the top before I could get to my room. I couldn't sleep nor lie on my left side, for it would seem as though my heart would stop. I thought my time had come. I was doctoring with the doctor, but didn't get any benefit. I was advised to take Milburn's Heart and Nerve Pills, so I got two boxes, and after I had taken one box I began to feel better, and after I had taken two I could go up and down stairs without resting, so I took eight boxes, and I am enjoying good health again. I consider it a Godsend to have your pills in the house."

Milburn's Heart and Nerve Pills are 50 cents per box or 3 boxes for \$1.25 at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
